

Nursery Reading Spine

“The whole world opened up to me when I learned to read” – Mary McCleod Bethune

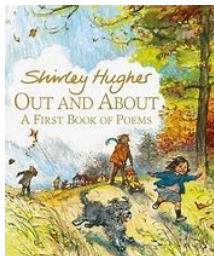

The books we recommend for each of our year groups might be a level that the children can read themselves, or it may be suitable for sharing with an adult. We have chosen this list of books so that we have many genres of stories that are representative of our culture and of others. This is, by no means, an extensive list of books, poetry and nursery rhymes that will be shared with the children, but these texts will be used as a stimulus for exploring in all areas of learning and development.
